THE RYE ARTS CENTER PUBLIC ART INITIATIVE

An ongoing project to incorporate art into the landscape of Rye, and to spark thought and conversation in the community.

Sculptor David Provan is creating a new piece (pictured here) to present on the lawn of The Rye Arts Center.

MISSION

The Rye Arts Center is a community-based, not-for-profit organization whose mission is to inspire interest and maximum participation in the arts in Westchester and the surrounding region. We are committed to offering programs that are characterized by artistic tradition, educational value, and a spirit of innovation.

LETTER FROM THE EXECUTIVE DIRECTOR

Welcome to The Rye Arts Center, your home for creativity. Please use this guide to learn about all of the activities we offer to you, your family, and the entire community.

One remark I hear almost every day is, “I had no idea!” It is the typical reaction that people have when learning of all the programs offered by The Rye Arts Center. For instance, did you know that 76% of participants in our classes and lessons receive those opportunities for free? That is largely through our public school programs and partnerships with organizations throughout the region. We are Westchester’s only multi-arts center offering art classes, music lessons, exhibitions, performances, and outreach programs. There are endless opportunities here for people from all walks of life, made possible through the generous support of our family of donors and members.

The arts are increasingly important as our lives grow more complicated and hectic. Seeing live music, learning to paint, exploring an exhibition; these are all ways to pump the brakes so we can slow down to enjoy the world around us. There is great value in the therapeutic mindfulness of creativity. It should have a place in all of our lives.

You can’t be too old or too young to enjoy the arts. Participants in Dance for Parkinson’s classes find relief and community through restorative dance; Head Start pre-school students enjoy hands-on art and music activities while improving their school readiness.

As you leaf through these pages, you’ll see the many opportunities we offer right here on your doorstep in Rye. Embrace the simple escape of creativity and enjoy yourself at The Rye Arts Center.

Meg Rodriguez, Executive Director

ARTS OUTREACH PROGRAMS

The Rye Arts Center is committed to making the tremendous value of the arts available to everyone. Your support provides the critical funding for these initiatives. Below are a few of our programs designed to enrich the community through the arts.

Need-Based Scholarships

The Rye Arts Center awards \$25,000 in need-based scholarships annually. Providing access to the arts is central to our mission. Scholarships enable low-income families to enjoying the great educational and developmental value of the arts.

Head Start Arts Education Program

Since 1981, The Rye Arts Center has worked with Port Chester Head Start to provide 26 weeks of art and music instruction to hundreds of under-served pre-school children. In recent years, growing demand has nearly doubled the number of participating children. Busloads of children flow into the arts center for weekly instruction in dance, music, mixed-media, storytelling, clay, and more. In addition we send instructors with materials to classes at the Carver Center and the Spring Street School in Port Chester. Classes enhance cognitive and language development, encourage self-expression, and prepare children for school.

LOOK! (formerly Famous Artists)

Since 1986, this program has brought arts education directly into schools throughout the region. Parents are trained as docents to bring a professionally-developed lesson plan (complete with hands-on arts activities) into the classroom. The Rye Arts Center also provides instructors and materials to share these activities with thousands of students in Port Chester's public schools. (more on page 5)

World Music

This in-school program brings arts education to kindergarten classes in Rye. Children explore instruments and music from around the world. This program is designed to fit Common Core requirements, teaching the rudiments of math and science through music.

After-School Programs

The Rye Arts Center provides after school programs through partnerships with public schools, and organizations such as The Community Resource Center in Mamaroneck, The Don Bosco Center in Port Chester, and The Boys and Girls Club of Greenwich. Classes include group guitar, 3D printing, digital photography, coding, and more.

Dance for Parkinson's Disease

This free program stimulates mind, body, and emotion in an enjoyable and safe environment. The class is based on the acclaimed Mark Morris Dance Group/Brooklyn Parkinson Group Dance for PD Program. Participants learn from professionally-trained dancers with an emphasis on enhancing physical and spatial awareness. These classes, which take place every Wednesday and Friday, create a much needed community that adds enjoyment and inspiration to a challenging time. (more on page 39)

Music Outreach Now

Local high school students facilitate this program to bring student performances into nursing homes. Music Outreach Now develops leadership skills and creates performance opportunities for high school students, while sharing music with local elders.

NEW! Girls Who Code

The Rye Arts Center offers free weekly Girls Who Code classes to provide a supportive environment to help girls learn to see themselves as computer scientists. The Rye Arts Center has long been a local leader in STEAM education, we are proud to be a part of Girls Who Code's national movement to close the gender gap in technology.

The Gail Harrison Roman/Rye Arts Center Scholarship Award

This annual scholarship is awarded to a graduating senior from any of Rye's high schools who has demonstrated a passion and commitment to excellence in the arts.

Thank you to our generous family of donors and members whose dedicated support makes these programs possible!

**LOOK! FORMERLY KNOWN AS
THE FAMOUS ARTISTS PROGRAM**

**Presented by Gail Harrison
Roman, Ph. D.**

The Rye Arts Center announces a change in name for its long-standing, popular program "Famous Artists." Going forward, the program will be known as "LOOK!," which will continue to focus on individuals and groups of artists as well as on a variety of mediums and aesthetics. The presentations will be enhanced by an examination of how artists employ and interpret the techniques and principles of art production, especially in today's world. Emerging artists - as well as "famous" ones will be considered, as will different mediums and forms of design, including textile arts, printmaking, and digital arts.

This fall, The Rye Arts Center's LOOK! Program™ will explore public art, concentrating on local monuments and venues, using examples of sculpture and murals on public view. From the WPA Murals at the Port Chester Post Office to the Sculpture Gardens at Pepsico, there will be numerous accessible sites for your students, teachers, and families to visit. We will look at works on view throughout Westchester and Fairfield Counties as well as in New York City and upstate New York. We will provide suggested walking tours of some of the venues. and will call attention to local works at The Rye Arts Center and Rye Town Park.

As with the Famous Artists Program, "LOOK!" will continue to focus on training parents to be classroom docents and the cost will remain the same: \$250 per semester (per school.) For the first time, the program will also be open to educators with a one-time introductory offer of \$75 per semester (schools do not need to participate.)

Wednesday, October 18 & Thursday, October 19, 10:00 - 11:30 am

If you are a parent and would like to get your school involved, please encourage them to visit our website for details on how to register. If you are a teacher, please call Adam Levi, Senior Director, at (914) 967-0700, ext. 24 or adam@ryeartscenter.org.

Enjoy musical games, instruction and ear training along with creating beautiful music together. Students must register for an introductory lesson.

CHOOSING AN INSTRUMENT FOR YOUR CHILD

Here are some useful tips for choosing an instrument:

Consider your child's age and physical abilities

- Sometimes a child likes the idea of playing a certain instrument only to find out the physical abilities along the way. Have your child hold the instrument to experience how it will feel while being played.

Listen to the sound of the instrument and how it is produced

- Your child should like the sound of an instrument and feel comfortable with trying to produce an initial sound. Feeling relaxed with an instrument will encourage motivation to practice. This in turn will promote a long lasting love of music.

Take a test drive!

- Sign up for one lesson and find the right instrument for you!
